

Buff and Shine Kit

Buff and Shine Kit includes three pads and a backing plate. The three pads are: #752R for heavy compounding, #830RH for polishing and #820RH for finishing along with a grip backing plate #658Y. The three pads have a patented Center Tee for fast easy pad loading and centering every time. The Buff and Shine Kit was designed for the body shop technician in mind. This kit was designed to keep a simple set of pads in the shop for the technician and speed up the return of the vehicle to the owner. Each kit has the necessary pads needed in a body shop after a vehicle is painted and color sanded which will eliminate cross contamination. A high quality design - made in the USA!

- Centers backing plate every time
- Center ring ensures wobble free buffing
- 8" diameter of contact surface ensures faster detailing jobs
- Hexagon pattern keeps more contact surface of the foam pad on the working surface for faster working times unlike convoluted designs
- Center ring is fully washable
- Center ring is flexible which conforms to automotive body while buffing
